The company also works with the following in Sweden:

- Automation Lighting Data/Tele Electrical power Industrial pipes Sprinkler
- Staffing
- The company is doing electrical installation work at another's facility and is registered with the Swedish Security Agency (Elsäkerhetsverket).

We apply for membership in Föreningen Installatörsföretagen and Svenskt Näringsliv and certify that the information provided above is correct.

We have taken part of the insurance information and are aware that the company is obliged to sign collective agreement insurances for all of its employees working in Sweden from the date collective agreements apply. Excluded from these policies can only owners and CEOs be. Read more about the collective insurances at www.finfa.se.

We have also taken note of Installatörsföretagens criteria for membership as well as the regulations of the Installatörsföretagen (www.in.se) and Svenskt Näringsliv (www.svensktnaringsliv.se) and undertake to follow these. A prerequisite for the membership's continued validity is to participate in a mandatory introduction meeting with Installatörsföretagen.
